Re: The Beach Villas
301/ 305 Beach Road
Siesta Key, FL

Dear Daniel,

As a repeat customer, I am once again pleased with the condominium building you delivered. The quality of the construction is exceptional. The service you and your superintendent provided was collaborative, timely and thorough. All questions and issues were addressed quickly and to my satisfaction. In addition, your superintendent maintained a very clean and safe job site for all who contributed.

I am especially happy with the midstream design changes to the rooftop of the building that enhanced the overall beauty and functionality, which ultimately increased the salability. Despite these enhancements the condos were completed in time for the selling season and all sold within one month of completion.

I'm looking forward to the next project with Gerdes Construction, Inc. I highly recommend Gerdes Construction, Inc and your construction expertise to anyone with a commercial or residential construction project.

Sincerely,

WSL Development, LLC.
